

Session Program

21-25 Oct 2025

10th International VLBI Technology Workshop (IVTW)

Poster session

Veras gräsmatta, Chalmers, Gothenburg
Stena Center Läraregatan 3 411 33 Göteborg Phone: +46 (0)31-797 20 70 Email: info@stenacenter.se

Thursday 23 October

11:55

Poster session

Session |

Location: Veras gräsmatta, Chalmers, Gothenburg, Stena Center Läraregatan 3 411 33 Göteborg Phone: +46 (0)31-797 20 70 Email: info@stenacenter.se

11:55-11:58

New VGOS Frequency Sequences Test Observations

Speakers

Frederic Jaron, Dr Simone Bernhart

11:58-12:01

Single station analyses of GPS data from the AuScope VLBI array in preparation to GENESIS mission

Speaker

Yuting Cheng

12:01-12:04

Waveform comparison for single station operation with the GENESIS VLBI transmitter

Speaker

Thibault Deleu

12:04-12:07

Local-tie Experiments of Chinese VLBI Stations

Speaker

Xuan He

12:07-12:10

Implementation of VLBI simulations for Earth orbiting satellites in C5++

Speakers

Hakan Sert, Dr Özgür Karatekin

12:10-12:13

LOFAR-VLBI: Insights into High-Energy Emissions from Low-Frequency Radio Observations

Speaker

Mr Hrishikesh Shetgaonkar

12:15
