3rd Sweden SKA Science Days - 4-5 February

Upcoming events

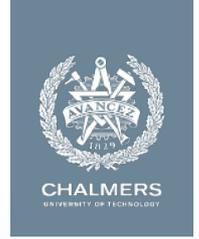

- **Nordic-Baltic Astronomy Days 2026** - abstract deadline: 15 February
 - SKAO plenary session
- **EAS 2026** - abstract/registration deadline: 3 March/28 June (27 April early reg)
 - S5: Diverse Eyes, shared vision: Euclid, LSST, SKA, Roman and CSST join forces to explore the early Universe
 - SS20: SKAO science verification and beyond: preparing users for the SKA era
- **URSI-GASS 2026** - abstract deadline: 9 February
 - Various talks by SKAO representatives and community

Conference give-away

- Winter weather inspired!
- Custom design, in collaboration with the Nordic ALMA Regional Center
- In Sweden? Will do hand deliveries.
- Abroad? We will mail it to you.

CHALMERS
UNIVERSITY OF TECHNOLOGY

Stimulating some discussion...

- How to facilitate synergies of between SKA and other facilities (Euclid, LSST, Roman, etc) used by Swedish astronomers?
- How can we organize the Swedish community to make best use of our national involvement in SKA across all institutes?
- New topics tomorrow...
